

Enbridge Gas Inc. Dundalk Reinforcement Project: Notice of Commencement and Public Information Sessions

Project Overview

In order to reinforce the natural gas supply in Dufferin County to accommodate growth in the area, Enbridge Gas is proposing the Dundalk Reinforcement Project in the Town of Mono. The project involves the construction of an 8-inch Extra-High-Pressure (XHP) steel natural gas pipeline within a road right of way that will reinforce existing natural gas infrastructure (see map below for proposed Preliminary Preferred Route and Route Alternatives). Construction is proposed to commence in the Summer of 2024.

Environmental Report

AECOM has been retained by Enbridge Gas to undertake a study to assess potential environmental and socio-economic impacts that may result from this project. Plans will then be developed to avoid and/or mitigate potential impacts, where possible. An environmental report will be developed to accompany the Leave-to-Construct application that is anticipated to be filed with the Ontario Energy Board in the Fall of 2023.

Get Involved

We want to hear from you. Visit our virtual public information session website or come to our in-person event to learn more about the project and provide feedback on the project and proposed routes. Your feedback will be considered in the final selection of a route and integrated into the environmental report. Please feel free to provide your comments either through the project website, in person at the in-person event or by email.

Public Information Sessions	
Virtual Public Information Session #1	<p>Date: Materials will be available to view between June 19 to July 3, 2023.</p> <p>Website: planengage.com/dundalkreinforcementproject</p>
In-person Public Information Session	<p>Date: June 29, 2023</p> <p>Time: 5:00 – 8:00 pm</p> <p>Location: Mono Community Centre, Lower South Room (754483 Mono Centre Road, Mono, ON L9W 5W9)</p>
Virtual Public Information Session #2	<p>Date: Materials will be available to view between July 31 to August 14, 2023.</p> <p>Website: planengage.com/dundalkreinforcementproject</p>
