Transportation Service Customer Notice – Rate 145

Natural Gas Prices Have Changed

The Ontario Energy Board (OEB) has approved changes to the rates that Enbridge Gas charges its customers effective Jan. 1, 2024. The new interim rates will be charged beginning on **May 1, 2024**. On average, these changes will amount to a decrease of approximately 33.5 percent annually. The total impact on your bill will depend on how much gas your organization uses and the terms of your gas marketer agreement.

The price you pay for the natural gas you use, shown as the Gas Supply Commodity Charge on your bill, depends on the terms of your agreement with your gas marketer.

Your current bill has been calculated using the new approved rates for gas consumed from May 1, 2024. The rate chart is included in this notice.

Customer Charge

The customer charge increased to \$139.56 a month to partially recover some of the fixed costs associated with maintaining a safe and reliable natural gas distribution system.

Delivery to You

The delivery rates that vary with consumption decreased due to changes to Enbridge Gas' 2024 rates. These charges also include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you.

Transportation to Enbridge

A 'Transportation to Enbridge' charge will appear in the top Enbridge section of your gas charges.

If Enbridge Gas provides transportation service from Western Canada and the United States to our distribution system in Ontario, the transportation to Enbridge charge has increased due to changes in Enbridge Gas' 2024 rates.

If Enbridge Gas provides transportation service from the Dawn market hub in southwestern Ontario to our distribution system, the rate has increased to 0.9400 ¢/m³. In this case, your marketer either provides transportation service for your gas supply to the Dawn market hub or purchases gas supply at the Dawn market hub. The rate you pay for transportation and/or gas supply from your marketer is based on the terms of your gas marketer agreement and these charges will appear in the marketer section of your gas charges.

The transportation charge includes a charge for the 2024 rate adjustment (Rider E) as approved by the OEB. Details for this rate adjustment can be found in the rate adjustment section below.

If your transportation service is provided by your marketer
