### New natural gas rates

The Ontario Energy Board (OEB) has approved changes to Enbridge Gas' rates effective **Jan. 1, 2024**.

The total impact on your bill will depend on how much gas you use and the terms of your gas marketer agreement.

#### Delivery to You

The delivery rates that vary with consumption decreased based on our forecast cost of delivering natural gas to your home or business. These charges also include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you. The facility carbon charge has decreased from 0.0162 cents per cubic meter (¢/m<sup>3</sup>) to 0.0157 ¢/m<sup>3</sup>.

#### Federal Carbon Charge

The federal carbon charge is 12.39 ¢/m<sup>3</sup>. This charge increases annually each April. All of the money collected for this charge goes to the government.
