Enbridge Gas Inc. Receives Ontario Energy Board Approval for Rate Changes Effective April 1, 2020

Enbridge Gas Inc. recently received approval from the Ontario Energy Board (OEB) for rate changes effective Apr. 1, 2020. These changes were proposed to the OEB earlier this month as part of the Quarterly Rate Adjustment Mechanism (QRAM) and approved as filed ([EB-2020-0077](#)).

In addition to updating rates in accordance with Enbridge Gas' Board-approved QRAM methodologies, Apr. 1, 2020 rates will reflect the OEB's Feb. 5, 2020 decision in [EB-2019-0105](#) approving Enbridge Gas' 2018 Disposition of Deferral and Variance account balances. This account clearing will result in a one-time delivery adjustment being applied to the April 2020 bill of all customers who received contract rate delivery services in 2018. More information on the 2018 Disposition of Deferral and Variance account balances application can be found in our [Feb. 26, 2020 communication](#).

Apr. 1, 2020 rates will also include an increase to the Federal Carbon Charge and Facility Carbon Charge as approved on an interim basis in Enbridge Gas' 2020 Federal Carbon Pricing Program proceeding ([EB-2019-0247](#)).

	Current Federal Carbon Charge (cents/m³)	New Approved Federal Carbon Charge (cents/m³)	Change (cents/m³)
Federal Carbon Charge	3.9100	5.8700	1.9600
Facility Carbon Charge – Union rate zones	0.0084	0.0088	0.0004

QRAM is the mechanism Enbridge Gas uses to review and adjust our rates for changes in natural gas prices. This is done every three months to reflect ongoing changes in the market price of natural gas and to adjust for the difference between the forecasted price of natural gas and actual price from prior periods.
