

Enbridge Gas Receives Ontario Energy Board Approval for Rate Changes Effective Oct. 1, 2021

September 27, 2021

Enbridge Gas recently received approval from the Ontario Energy Board (OEB) for rate changes effective Oct. 1, 2021 ([EB-2021-0219](#)). These changes were proposed to the OEB earlier this month as part of the Quarterly Rate Adjustment Mechanism (QRAM) and approved as filed.

QRAM is the mechanism Enbridge Gas uses to review and adjust our rates for changes in natural gas prices. This is done every three months to reflect ongoing changes in the market price of natural gas and to adjust for the difference between the forecasted price of natural gas and actual price from prior periods.

In addition to updating rates in the Enbridge Gas Distribution (EGD) and Union rate zones in accordance with Enbridge Gas' Board-approved QRAM methodologies, the OEB has approved a rate adjustment to clear the 2019 Demand Side Management (DSM) deferral and variance account balances which reflect the difference between the amount customers paid for energy conservation programs from Jan. 1 to Dec. 31, 2019 and the actual costs incurred. This will appear as a one-time adjustment on customers' October bills. The OEB has also approved a rate adjustment to reflect the clearance of 2019 deferral and variance account balances. This one-time adjustment will also appear on customers' October bills. More information on these adjustments can be found in our Aug. 18, 2021 and July 22, 2021 [newsletters](#).
