Notice of Study Commencement and Information Session sent – December 1, 2017								
1	November 29, 2017	Mississaugas of the New Credit First Nation	Phone Call	<p>Enbridge Gas Inc. ("EGD") contacted the Mississaugas of the New Credit First Nation ("MNCFN") representative to discuss the proposed Project.</p> <p>EGD committed to sending the MNCFN representative a notification letter with the details and suggested a meeting be scheduled to discuss the information.</p> <p>The MNCFN representative indicated that they would be interested in having an archeological monitor and environmental monitor participate in any planned surveys.</p>	--	The EGD representative advised MNCFN that she would inquire with the Project team to confirm if a Stage 2 Archaeological Assessment would be required for this Project and if there are any planned surveys in the near future.	--	Ind_1
2	December 1, 2017	Mississaugas of the New Credit First Nation	Email	--	--	EGD provided the MNCFN representative with a Project notification letter dated November 27, 2017 and the Notice of Study Commencement and Information Session document.	--	Ind_2 Ind_3 Ind_4
3	December 4, 2017	Mississaugas of the New Credit First Nation	Phone	Enbridge representative contacted the MNCFN representative to confirm if she had received the notification letter and suggested a meeting be scheduled to provide MNCFN with a project overview.				
4	December 4, 2017	Mississaugas of the New Credit First Nation	Email	The MNCFN representative requested a meeting, and suggested December 12 or 13, 2017.	December 4, 2017 December 7, 2017	<p>On December 4, 2017, EGD responded confirming December 13, 2017 as a meeting date.</p> <p>On December 7, 2017, EGD requested the meeting date be re-scheduled. The EGD representative asked if December 12, 2017 was still a suitable date to meet, or if another date would be more suitable.</p>		Ind_5 Ind_6
5	December 7, 2017	Mississaugas of the New Credit First Nation	Email	The MNCFN representative agreed to re-schedule the meeting.	--	Meeting rescheduled to January 23, 2017.	--	Ind_7

PROPOSED DON RIVER NATURAL GAS PIPELINE REPLACEMENT

Appendix B5 – Project Correspondence: Indigenous (Current as of May 16, 2018)

Line Item	Date	Name	Method of Communication	Comment	Date of Response	Response and Issue Resolution (if applicable)	Outstanding Concerns	Attachment
6	January 23, 2017	Mississaugas of the New Credit First Nation	Meeting	<p>EGD and MNCFN met to discuss the Project.</p> <p>EGD provided a Project schedule and forecast. The MNCFN representative did not express any Project-specific concerns.</p> <p>EGD committed to keeping the MNCFN informed if there are any changes to the Project scope.</p> <p>EGD also advised that a Stage 1 archaeological assessment was being completed and explained that a Stage 2 archaeological assessment was not anticipated due to the Project site being significantly disturbed. EGD further explained that a desktop environmental survey was completed and the results indicated minimal to no adverse impacts from an environmental perspective due to the highly developed and urbanized Project scope area.</p> <p>EGD committed to providing MNCFN with copies of the Stage 1 archaeological report and environmental report for their information and reference.</p>	January 26, 2017	EGD provided MNCFN with a copy of the slide deck presented to the MNCFN representatives.	--	Ind_8 Ind_9 Ind_10 Ind_11
7	May 7	Mississaugas of the New Credit First Nation	Email	<p>Enbridge Gas Distribution Inc. ("EGD") emailed a copy of the Environmental Report and Stage 1 Archaeological Assessment to the Mississaugas of the New Credit First Nation ("MNCFN") representative. The EGD representative confirmed that with respect to the Stage 1 archaeological report, the recommendations are required as the area is extensively disturbed.</p>	May 16, 2018	Representatives from the Mississaugas of the New Credit First Nation ("MNCFN") indicated that they have no concerns about the archaeology or the recommendation for the EGD Don Valley Replacement Project ER and Stage 1 Arch report at this time.	No outstanding concerns.	Ind_12
