

Upcoming Work in Your Community

Enbridge Gas Distribution is upgrading the natural gas distribution system that serves the Greater Toronto Area to prepare for long-term natural gas needs. This work, known as the GTA Project, was approved by the Ontario Energy Board in January 2014.

Work will take place between January and October 2015, predominantly in existing utility corridors to minimize disruption.

Enbridge is committed to keeping you informed. For the latest information, please visit www.enbridgegas.com/gtaproject or our Twitter account [@enbridgegasnews](https://twitter.com/enbridgegasnews). If at any point you have questions or concerns, please call **1-855-801-2303** or email gtaproject@enbridge.com.
