

ARCHAEOLOGICAL ASSESSMENT

1. A Stage 1 Archaeological Assessment for the Preliminary Preferred Routes was completed by Stantec Consulting Ltd. (“Stantec”) and can be found in Appendix E of the Environmental Report found at Exhibit C, Tab 1, Schedule 3, Attachment 1.
2. The Stage 1 Archaeological Assessment (“AA”) was finalized on October 17, 2018 and was submitted to the Ministry of Tourism, Culture and Sport (“MTCS”).
3. The Stage 1 AA determined that a Stage 2 AA will be required for the municipal right-of-way within the Project area of the Preferred Pipeline Route. The portions identified as requiring Stage 2 AA can be found on Figure 6 of the Stage 1 AA Report found in Appendix E of the Environmental Report at Exhibit C, Tab 1, Schedule 3, Attachment 1.
4. At the time of submission of this application, the MTCS had not provided comment on their review of the Stage 1 AA.
5. A Stage 2 Archaeological Assessment is planned for the spring of 2019. The results of the Stage 2 Assessment will be filed with the Ontario Energy Board upon completion.
