

**Enbridge Gas Inc. has applied for approval to construct approximately 2 kilometres of natural gas pipeline and ancillary facilities in the City of Toronto.**

**Learn more. Have your say.**

Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to construct approximately 1.9 kilometres of 20-inch diameter and approximately eight metres of 24-inch diameter natural gas pipeline and ancillary facilities in the City of Toronto. Enbridge Gas Inc. has also applied for approval of the form of agreement it offers to landowners to use their land for construction of the proposed pipeline.

Enbridge Gas Inc. says that the proposed pipeline and facilities are required because of the need to relocate a section of the existing pipeline, located on the Keating Railway Bridge, that is in conflict with the construction of Waterfront Toronto’s Port Lands Flood Protection and Enabling Infrastructure Project. Enbridge Gas Inc. says that the proposed pipeline is a critical source of supply to the downtown area.

Enbridge Gas Inc. and Waterfront Toronto have not been able to reach agreement on the proposed relocation alternative and whether Enbridge Gas Inc. or Waterfront Toronto will pay for the cost of the project.

A map of the proposed pipeline project is provided.

The OEB will also assess whether the duty to consult with Indigenous Communities potentially affected by the proposed pipeline has been discharged with respect to the application.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

**BE INFORMED AND HAVE YOUR SAY**

You have the right to information regarding this application and to be involved in the process.

- You can review the application filed by Enbridge Gas on the OEB’s website now
- You can file a letter with your comments, which will be considered during the hearing
- You can become an intervenor. As an intervenor you can ask questions about Enbridge Gas’s application and make arguments on whether the OEB should approve Enbridge Gas’s request. Apply by **November 30, 2020** or the hearing will go ahead without you and you will not receive any further notice of the proceeding
- At the end of the process, you can review the OEB’s decision and its reasons on our website

**LEARN MORE**

Our file number for this case is **EB-2020-0198**. To learn more about this hearing, find instructions on how to file a letter with your comments or become an intervenor, or to access any document related to this case, please select the file number **EB-2020-0198** from the list on the OEB website: [www.oeb.ca/noticeltc](http://www.oeb.ca/noticeltc). You can also phone our Public Information Centre at 1-877-632-2727 with any questions.

**ORAL VS. WRITTEN HEARINGS**

There are two types of OEB hearings – oral and written. The OEB will determine at a later date whether to proceed by way of a written or oral hearing. If you think an oral hearing is needed, you can write to the OEB to explain why by **November 30, 2020**.

**PRIVACY**

*If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. However, your personal telephone number, home address and email address will be removed. If you are a business, all your information will remain public. If you apply to become an intervenor, all information will be public.*

*This hearing will be held under section 90(1) and 97 of the Ontario Energy Board Act, 1998, S.O. 1998, c.15, Schedule B.*

**THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING**

The Ontario Energy Board (OEB) will hold a public hearing to consider Enbridge Gas’s application. During the hearing, which could be an oral or written hearing, we will question Enbridge Gas on the case. We will also hear questions and arguments from individual consumers, municipalities and others whose interests would be affected. At the end of this hearing, the OEB will decide whether to approve the application.

As part of its review of this application, the OEB will assess Enbridge Gas’s compliance with the OEB’s Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario.
