ENVIRONMENTAL DEFENCE INTERROGATORY #28

INTERROGATORY

Issue A4: "What are the alternatives to the proposed facilities? Are any alternatives to the proposed facilities preferable to the proposed facilities?"

Reference: Ex. C, Tab 2, Schedule 1, Page 1

Please state Enbridge's incremental cost of connecting its system to Union's proposed Parkway West Gate Station (to achieve increased diversity of supply) assuming DSM has eliminated demand growth and hence the need for increased pipeline capacity to meet the needs of customers in the GTA Project Influence Area.

RESPONSE

Cost breakdown information is available only to those who have signed a Declaration and Undertaking as the information is confidential.

It should be noted that even if demand growth is eliminated, there is still the need for the pipeline. Please refer to Exhibit A, Tab 3, Schedule 1 for the purpose and need of the project.
