

FRPO INTERROGATORY #15

INTERROGATORY

REF: Exhibit C, Tab 1, Schedule 15

Preamble: We would like to understand better EGD's position on the cost overruns for Segment A of GTA project.

Please confirm that EGD will be seeking recovery of the incremental costs of Segment A in the rebasing proceeding. If not confirmed, please describe EGD's intent.

- a) What is EGD's position on whether Rate 332 customers ought to bear a proportional increase associated with these incremental costs? Is there another approach that EGD is considering for allocation of costs to Rate 332?

RESPONSE

The actual costs of the GTA project will be included for ongoing recovery within the future rebasing proceeding.

The Company's position is that Rate 332 customers should bear a proportional increase associated with incremental costs of Segment A. The Company is not considering another approach for allocation of Segment A costs to Rate 332 customers.
