**Re: Ontario Energy Board File No. EB-2017-0319
Enbridge Gas Distribution Inc.
Renewable Natural Gas Enabling Program and
Geothermal Energy Service Program – Interrogatory Responses**

In accordance with the Board's Procedural Order No. 1 for the above noted proceeding, enclosed please find Enbridge's interrogatory responses.

While preparing the Interrogatory Responses, Enbridge discovered an error in the financial analysis related to the Renewable Natural Gas Enabling Program and the Geothermal Energy Service Program. This error relates to the municipal tax assumptions used in the discounted cash flow calculations for service fees and impacts Appendices 5, 6, 7, 8, 11 and 12 of the evidence. Where applicable, Enbridge has ensured that the Interrogatory Responses are premised on calculations utilizing the correct municipal tax assumptions. Enbridge will file updated evidence to reflect the correct application of the municipal tax assumptions the week of May 21st 2018.

Please contact the undersigned if you have any questions.

Yours truly,
