

SEC INTERROGATORY #2

INTERROGATORY

Issue 1.1

[B-1-1, p.15]

With respect to the RNG Enabling Program:

- a. Please confirm that part of Enbridge's gas supply mix is locally produced (Ontario) supply.
- b. If confirmed, please explain how Enbridge injects the supply into its system, and how that differs from the proposed RNG Enabling Program – Injection service.
- c. Please provide details regarding how Enbridge is compensated for this service.

RESPONSE

- a. Not confirmed. Enbridge currently does not source any of its gas supply from local Ontario production.
- b. Please see response to a) above.
- c. Please see response to a) above.
