

SEC INTERROGATORY #20

INTERROGATORY

Issue 2.3

[B1-1-1, p.21]

With respect to the Geothermal Energy Service Program:

- a. Will Enbridge use its own existing resources, hire additional staff, or sub-contract to third parties the installation and maintenance of the geothermal loops? Please explain the rationale of the approach taken.
- b. If the response to part (a) in whole or in part is to sub-contract to third parties, does Enbridge expect those agreements to contain any exclusivity or other restraint on trade provisions? If so, please provide details.

RESPONSE

- a) and b) Please see response to Board Staff Interrogatory #12(e), filed at Exhibit I.2.EGDI.STAFF.12.
