

SEC INTERROGATORY #76

INTERROGATORY

[B/6/1, p. 23] Please advise whether the expert agrees with the statement “utilities have a decent amount of influence in terms of how they influence programs to push higher NTG or lower”. Please explain why.

RESPONSE

Utilities can influence the NTG levels through their control of program elements, such as program design, marketing, technical assistance and eligibility requirements.

The term “decent” was used by the interviewee contacted as part of the research effort on page 23 (Exhibit B, Tab 6, Schedule 1). The Navigant team cannot comment on this adjective in the quote.
