Re: Dow Moore Well (26, 28H, 29H) – Consultation Sufficiency Opinion

Dear Mr. Denomy,

The Ontario Ministry of the Energy, Northern Development and Mines has completed its review of Enbridge's Indigenous consultation report for the Dow Moore Well natural gas project (wells 26, 28H and 29H). This letter is to notify you that based on the information provided and through contacting the communities directly, the Ministry is of the opinion that the procedural aspects of consultation undertaken by Enbridge to date for the purposes of the Ontario Energy Board's Leave to Construct for the Dow Moore Well project is satisfactory.

It is expected that Enbridge will continue its consultation activities with the communities throughout the life of the project, and that Enbridge will notify the Ministry should any additional rights-based concerns/issues arise.

If you have any questions about this letter or require any additional information, please contact Shannon McCabe at 416-212-6704 or shannon.mccabe@ontario.ca.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Owen".
