

NOTICE OF A RATE HEARING

Enbridge Gas Inc. has applied to change its natural gas distribution rates effective January 1, 2026

Enbridge Gas Inc. (Enbridge Gas) has applied to the Ontario Energy Board (OEB) to change its natural gas distribution rates effective January 1, 2026.

The requested rate increases are set using an OEB-approved formula, which is tied to inflation and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of Enbridge Gas would see the following changes:

Rate Zone	Annual Bill Impacts	
	Residential Customer	Commercial Customer
EGD (former customers of Enbridge Gas Distribution Inc.)	\$31.36	\$31.27
Union South (former customers of Union Gas Limited)	\$35.24	\$35.31
Union North West (former customers of Union Gas Limited)	\$45.11	\$44.91
Union North East (former customers of Union Gas Limited)	\$46.18	\$45.98

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

Enbridge Gas has also requested:

- A Z-factor treatment for the revenue requirement impact attributable to working capital changes resulting from the consumer Federal Carbon Charge being set to zero effective April 1, 2025
- Updates to Miscellaneous Service Charges and Rider M (the hydrogen gas rate rider)
- Updated unit rates for the Panhandle Regional Expansion Project (PREP) for Rate 331, Rate 332, Rate M16, and Rate M17
