INTERROGATORY

Ref: Exhibit D1, Tab 2, Schedule 3, p4, Nexus Delivery

- (a) Will the landed price of the gas purchased in Chicago to backfill the delayed Nexus supply to Vector cost more or less than gas purchased pursuant to the Nexus contract? Has EGD already purchased gas for delivery via Nexus? Does EGD have FM or other contracted protection on gas it has already purchased at Dominion North or other Marcellus/Utica purchase points?
- (b) What is the contingency plan?
- (c) Has FERC now approved the Nexus pipeline for 2018? If not, when is FERC approval likely to occur? Is there material risk that Nexus will not be approved?

RESPONSE

a) EGD has yet to make any supply arrangements for gas to be purchased at Dominion South and therefore is unable to do a price comparison.
