|   |                 |                  |                    |
|   |                 |                  |                    |

### GLOSSARY OF TERMS:

**Community Expansion Project:**

**Profitability Index (“PI”):**

**System Expansion:**

- Any project conducted by the Company to expand or extend the Gas Distribution Network.

### System Expansion Surcharge:

This Rider is applicable to the Terminal Location of any Applicant who, pursuant to any Rate Schedule, receives gas distribution services from the Company as part of a Community Expansion Project listed below. The System Expansion Surcharge is in addition to the rate charged pursuant to the applicable Rate Schedule.

- Community Expansion: A natural gas system expansion project which will provide first time natural gas system access where a minimum of 50 potential customers already exist, for which economic feasibility guidelines derive a Profitability Index (PI) of less than 1.0; or
- Small Main Extension: All other forms of distribution system expansion which provide first time natural gas system access to customers where fewer than 50 potential customers in homes and business already exist and where the PI for the project is less than 1.0; and
- A natural gas system expansion project meeting either of the two definitions above that requires the SES and potentially other financing mechanisms in order for project economics to attain a PI of 1.0.

### Profitability Index (“PI”):

- The Company’s calculation of the profitability of a System Expansion in accordance with the OEB’s EBO-188 decision and order.

### System Expansion:

Any project conducted by the Company to expand or extend the Gas Distribution Network.

### System Expansion Surcharge:

- The surcharge set out in Rider I applied to gas distribution rates for Applicants with Terminal Locations within a Community Expansion Project.
