

# Commitment to Person County

Enbridge Gas goes beyond delivering energy by actively engaging with communities through **volunteerism, donations and sponsorships** that promote safety, vibrancy and sustainability. The program empowers employees by encouraging participation in local organizations and offering matching funds to amplify their impact on the causes they care about.

Since becoming Enbridge Gas, the natural gas utility has invested over \$100,000 to Person County nonprofits.

We're proud to have a giving history of support to the Piedmont Community College Foundation, Person County Friends of the Parks Inc., Backpack Buddies of Person County, local volunteer fire departments, Girl Scouts and Salvation Army of Durham, Orange and Person Counties.

## Funding focus

### Safe communities

Supporting **safety planning, preparedness** and education as well as disaster relief response.

### Vibrant communities

Enriching communities with **cultural experiences** and opportunities to learn and grow.

### Sustainable communities

Improving, growing and **nurturing** natural resources and green spaces to steward our shared environment.

> Helena Elementary School students enjoy an engaging, live energy safety and conservation program.

# Commitment to Person County

In your community

> First responders, including Moriah and Timberlake Fire Volunteer Fire Department representatives, spent time at the Cary Energy Center to learn about emergency response protocols.

## Who we are

**Enbridge Gas serves over 675,000 customers in 28 counties in North Carolina.** The utility has safely provided customers with reliable and affordable natural gas service for almost a century. It is investing in innovations that modernize how energy is produced, delivered and used to support a lower-emission future. Enbridge Gas North Carolina is owned by Enbridge (ENB), a North American-based leader in energy transportation and distribution. Visit [enbridgegas.com/northcarolina](https://enbridgegas.com/northcarolina) to learn more.
