# New Rate Information

July 2026
**Transportation Service Customer Notice - Rate 100**

## Natural Gas Prices Have Changed

The Ontario Energy Board (OEB) has approved changes to the rates that Enbridge Gas charges its customers effective **July 1, 2026**.

On average, these changes will amount to a decrease of approximately 6.1 percent annually. The total impact on your bill will depend on how much gas your organization uses and the terms of your gas marketer agreement.

**The price you pay for the natural gas you use, shown as the Gas Supply Commodity Charge on your bill, depends on the terms of your agreement with your gas marketer.**

Your current bill has been calculated using the new approved rates for gas consumed from July 1, 2026. The rate chart is included in this notice.

## Delivery to You

The delivery rates that vary with consumption decreased based on our forecast cost of delivering natural gas to your business. These charges include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you.

## Load Balancing Charge

The load balancing charge has decreased due to lower seasonal load balancing related costs.

## Transportation to Enbridge

A 'Transportation to Enbridge' charge will appear in the top Enbridge section of your gas charges.

If Enbridge Gas provides transportation service from Western Canada and the United States to our distribution system in Ontario, the rate effective July 1, 2026 is 5.4267 cents per cubic metre (¢/m³), a decrease from 6.2510 ¢/m³.

If Enbridge Gas provides transportation service from the Dawn market hub in southwestern Ontario to our distribution system, the rate remains at 0.9430 ¢/m³. In this case, your marketer either provides transportation service for your gas supply to the Dawn market hub or purchases gas supply at the Dawn market hub. The rate you pay for transportation and/or gas supply from your marketer is based on the terms of your gas marketer agreement and these charges will appear in the marketer section of your gas charges.

**If your transportation service is provided by your marketer**

Your 'Transportation to Enbridge' charge will appear with your marketer charges on your bill.

The rate you pay for transportation is based on the terms of your gas marketer agreement.

## Cost Adjustment

The current cost adjustment includes a charge of 0.6940 ¢/m³ for load balancing and a charge of 0.3385 ¢/m³ for transportation. The cost adjustment is in effect until June 30, 2027.

Our supply prices are based on a forecast of market prices for the next 12 months. The forecasted prices are reviewed every three months and adjusted accordingly. If our forecasts are over or under our actual costs, the difference is refunded or collected from customers through cost adjustments.

## Rate Adjustment

This rate adjustment to reflects the difference between the amount customers paid for energy conservation programs (DSM) from Jan. 1, 2023 to Dec. 31, 2023 and the actual costs incurred.

This adjustment will be a charge of 0.1460 ¢/m³ which will appear on customers' July bills.

## For Further Information

We appreciate and thank you for your business. If you have any questions about the rate changes, please call **1-855-311-2LBA (1-855-311-2522)** or visit **enbridgegas.com** for more information.
