

New Rate Information

April 2025

Transportation Service Customer Notice - Rate 100

Natural Gas Prices Have Changed

The Ontario Energy Board (OEB) has approved changes to the rates that Enbridge Gas charges its customers effective **April 1, 2025**.

On average, these changes will amount to an increase of approximately 15.5 percent annually. The total impact on your bill will depend on how much gas your organization uses and the terms of your gas marketer agreement.

The price you pay for the natural gas you use, shown as the Gas Supply Commodity Charge on your bill, depends on the terms of your agreement with your gas marketer.

Your current bill has been calculated using the new approved rates for gas consumed from April 1, 2025. The rate chart is included in this notice.

Delivery to You

The delivery rates that vary with consumption increased based on our forecast cost of delivering natural gas to your business. These charges also include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you. The facility carbon charge has increased from 0.0143 cents per metre ($\text{¢}/\text{m}^3$) to 0.0172 $\text{¢}/\text{m}^3$.

The delivery rates on your bill include a charge for the 2024 rate adjustment (Rider E) as approved by the OEB. Details for these rate adjustments can be found in the rate adjustment section below.

Load Balancing Charge

The load balancing charge has increased due to higher seasonal load balancing related costs.

Transportation to Enbridge

A 'Transportation to Enbridge' charge will appear in the top Enbridge section of your gas charges.

If Enbridge Gas provides transportation service from Western Canada and the United States to our distribution system in Ontario, the rate effective April 1, 2025 is 7.3963 $\text{¢}/\text{m}^3$, an increase from 5.6393 $\text{¢}/\text{m}^3$.

If Enbridge Gas provides transportation service from the Dawn market hub in southwestern Ontario to our distribution system, the rate remains at 0.9420 $\text{¢}/\text{m}^3$. In this case, your marketer either provides transportation service for your gas supply to the Dawn market hub or purchases gas supply at the Dawn market hub. The rate you pay for transportation and/or gas supply from your marketer is based on the terms of your gas marketer agreement and these charges will appear in the marketer section of your gas charges.

The transportation charge includes a charge for the 2024 rate adjustment (Rider E) as approved by the OEB. Details for this rate adjustment can be found in the rate adjustment section below.

If your transportation service is provided by your marketer

Your 'Transportation to Enbridge' charge will appear with your marketer charges on your bill. The rate you pay for transportation is based on the terms of your gas marketer agreement.

Federal Carbon Charge

The federal carbon charge will be removed from customer bills effective April 1, 2025. Please note that your bill will continue to show federal carbon charges incurred for any natural gas usage up to and including March 31, 2025. Some businesses may be eligible for full or partial exemption from this charge under the federal carbon pricing program.

Visit enbridgegas.com/federalcarbonprogram for more information.

Cost Adjustment

The current cost adjustment includes a charge of 0.4353 $\text{¢}/\text{m}^3$ for load balancing and a charge of 0.1645 $\text{¢}/\text{m}^3$ for transportation. The cost adjustment is in effect until March 31, 2026.

Our supply prices are based on a forecast of market prices for the next 12 months. The forecasted prices are reviewed every three months and adjusted accordingly. If our forecasts are over or under our actual costs, the difference is refunded or collected from customers through cost adjustments.

Rate Adjustment

The OEB-approved Rider E rate adjustment to reflect the changes to Enbridge Gas' 2024 rates for the period of Jan. 1, 2024 to Dec. 31, 2024 will continue be applied to customers bills from Jan. 1, 2025 to Dec. 31, 2025.

The following adjustments will be included in each component of your bill, if applicable:

Delivery Charge - Contract Demand	0.1295 ¢/m ³
Delivery Charge - Commodity	0.0020 ¢/m ³
Gas Supply Transportation Charge	0.0002 ¢/m ³
Gas Supply Transportation Dawn Charge	0.0019 ¢/m ³
Gas Supply Commodity Charge	0.0004 ¢/m ³

The total impact on your bill will depend on how much your organization uses.

The OEB has approved a rate adjustment to reflect the clearance of 2023 federal carbon deferral and variance account balances. This will appear as a one-time refund on customers' April bills:

Non-EPS: A total refund of 0.0010 ¢/m³

EPS: A total refund of 0.0010 ¢/m³

For Further Information

We appreciate and thank you for your business. If you have any questions about the rate changes, please call **1-855-311-2LBA (1-855-311-2522)** or visit enbridgegas.com for more information.
