Large Volume Customer Notice – Rate 170

Natural Gas Prices Have Changed

The Ontario Energy Board (OEB) has approved changes to the rates Enbridge Gas charges its customers effective **July 1, 2026**.

On average, these changes will amount to a decrease of approximately 4.7 percent annually. The total impact on your bill will depend on how much gas your organization uses.

Your current bill has been calculated using the new approved rates for gas consumed from July 1, 2026. The rate chart is included in this notice.

Our supply prices are based on a forecast of market prices for the next 12 months. The forecasted prices are reviewed every three months and adjusted accordingly. If our forecasts are over or under our actual costs, the difference is refunded or collected from customers through cost adjustments.

Delivery to You

The delivery rates that vary with consumption decreased based on our forecast cost of delivering natural gas to your business. These charges include a facility carbon charge associated with the operation of Enbridge Gas' facilities to deliver natural gas to you.

Load Balancing Charge

The load balancing charge has decreased due to lower seasonal load balancing related costs.

Transportation to Enbridge

The 'Transportation to Enbridge' charge has decreased due to lower costs for transporting natural gas to Ontario.

Gas Supply Commodity Charge

The gas supply commodity charge has increased from 10.1325 cents per metre (¢/m³) to 10.2605 ¢/m³ based on our forecast of natural gas market prices for the next 12 months.

Enbridge Gas does not make a profit on the price of natural gas.

Cost Adjustment

The current adjustment is a refund of 0.9567 ¢/m³. Please see the included chart for the breakdown by component.

Rate Adjustment

This rate adjustment reflects the difference between the amount customers paid for energy conservation programs (DSM) from Jan. 1, 2023 to Dec. 31, 2023 and the actual costs incurred.

This adjustment will be a refund of 0.7733 ¢/m³ which will appear on customers' July bills.
