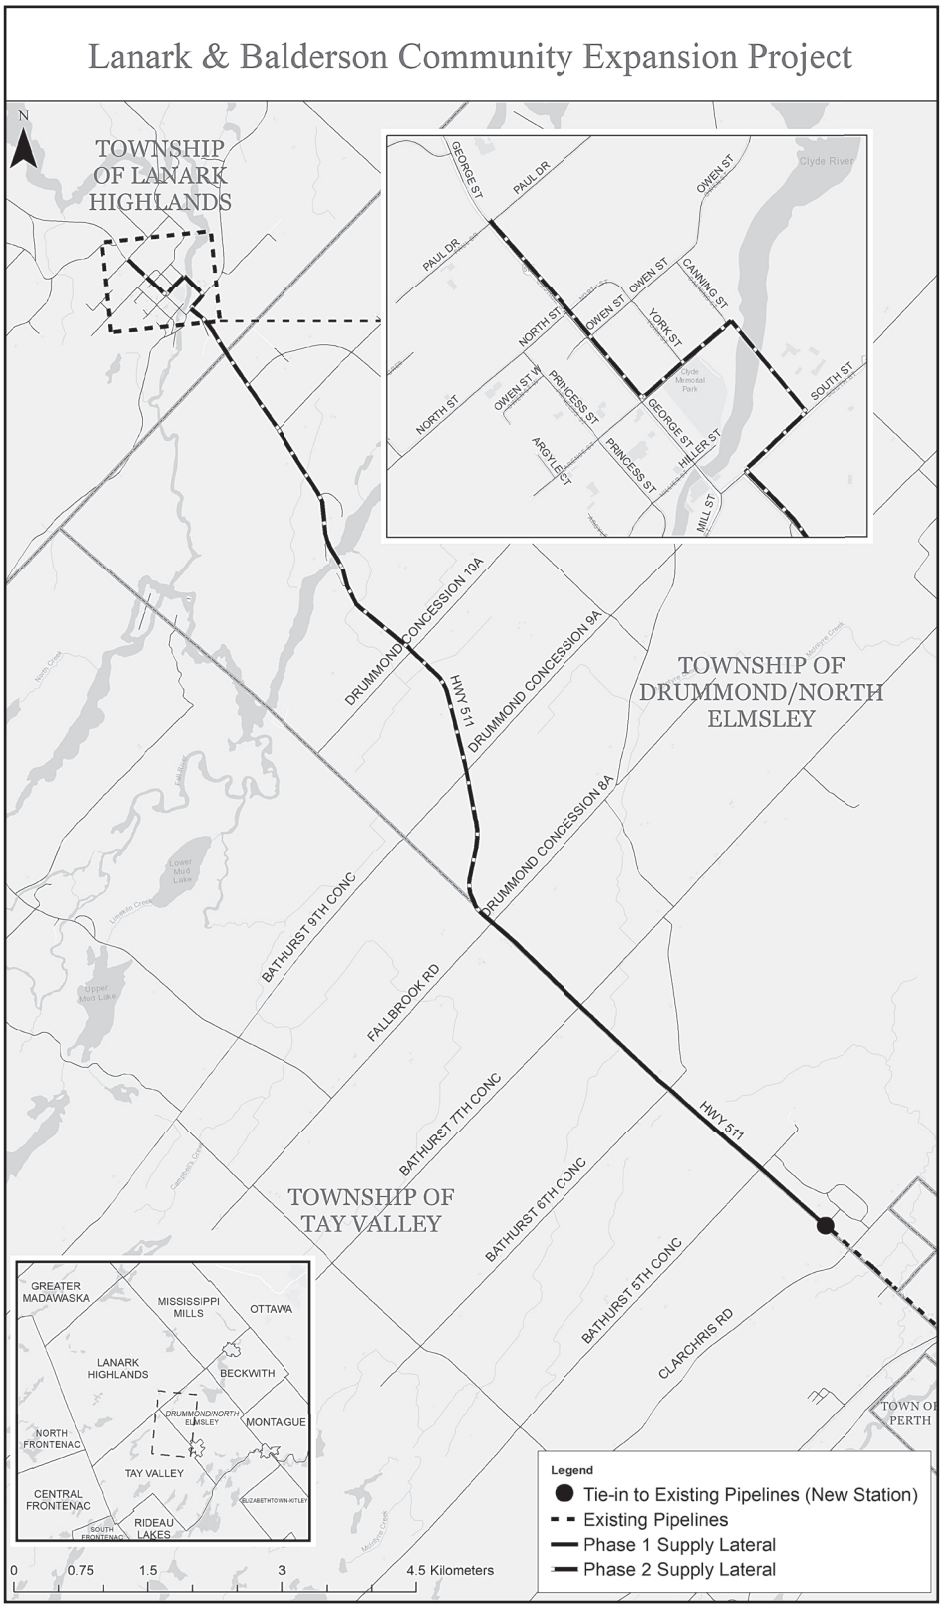
NOTICE OF A HEARING

Enbridge Gas Inc. has applied for approval to construct approximately 14.7 kilometres of natural gas pipelines to serve the communities of Lanark and Balderson and surrounding areas in the Township of Lanark Highlands and Township of Drummond/North Elmsley

Enbridge Gas Inc. (Enbridge Gas) has applied for approval to construct approximately 14.7 kilometres of Nominal Pipe Size 4 polyethylene natural gas pipelines in two phases over approximately 20 months:

- Phase 1: approximately 5.1 kilometres of Nominal Pipe Size 4 polyethylene natural gas pipeline
- Phase 2: approximately 9.6 kilometres of Nominal Pipe Size 4 polyethylene natural gas pipeline

Enbridge Gas states that the pipelines are needed to supply natural gas to approximately 286 forecasted customers located in the communities of Lanark and Balderson and surrounding areas in the Township of Lanark Highlands and the Township of Drummond/North Elmsley. Enbridge Gas will additionally construct ancillary facilities, that include a new distribution station, distribution mains as well as meters, regulators and service pipelines. Collectively, the pipelines and ancillary facilities comprise the Project.



Enbridge Gas has also applied for approval of the forms of agreement it will offer to landowners affected by the routing or location of the Project.

Enbridge Gas intends to charge the OEB-approved System Expansion Surcharge to all new customers that will be taking service from the Project.

The Project was approved to receive funding assistance under Phase 2 of the Government of Ontario's Natural Gas Expansion Program.

The location of the proposed pipelines is shown in the map.

The OEB will also assess:

- The applicant's compliance with the OEB's *Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario.*
- Whether the duty to consult with Indigenous communities potentially affected by the proposed pipeline has been discharged with respect to the application.

YOU SHOULD KNOW

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

There are three types of OEB Hearings: oral, electronic and written. The applicant has applied for a written hearing. If you think a different hearing type is needed, you can write to us to explain why. During this hearing, we will question the applicant about its case. We will also hear questions and arguments from participants that have registered as Intervenors. After reviewing all the evidence, we will decide whether to approve this application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process. Visit **www.oeb.ca/notice** and use file number **EB-2025-0306** to:

- Review the application
- Apply to become an intervenor
- File a letter with your comments

IMPORTANT DATES

You must engage with the OEB on or before **January 26, 2026** to:

- Provide input on the hearing type (oral, electronic or written)
- Apply to be an intervenor

If you do not, the hearing will move forward without you, and you will not receive any further notice of the proceeding.

PRIVACY

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. If you are a business or if you apply to become an intervenor, all the information you file will be on the OEB website.
