Docket No. 19-057-T04

Utah Public Service Commission  
Heber M. Wells Building  
P. O. Box 45585  
Salt Lake City, UT 84145-0585

Dear Commissioners:

Pursuant to the Order Approving Settlement Stipulation issued on July 30, 2019 in Docket No. 19-057-T04 (Order), Questar Gas Company dba Enbridge Gas Utah respectfully submits this report on its voluntary renewable natural gas (RNG) program, titled GreenTherm® Annual Report, for the program year ending December 31, 2025.

In the Settlement Stipulation in Docket No. 19-057-T04, the Company committed that it would:

“...report annually to the Commission about the GreenTherm program. The Company’s annual report to the Commission will contain details about the number of participating customers, the amount of RNG purchased, the number of RNG blocks sold, the total customer contributions, and program expenses. The Company will also provide GreenTherm program participants a link to the Company’s annual report to the Commission.”

The attached GreenTherm Annual Report for 2025 provides details on 1) program participation and expenditures, 2) RNG blocks sold to customers and amounts purchased by the Company, and 3) a program account balance and reconciliation.

In April 2026, Enbridge Gas Utah met with the Utah Office of Consumer Services and Utah Division of Public Utilities, to amend the settlement stipulation regarding the annual audit requirement. On June 25, 2026, the settlement parties filed a Motion to Amend Commission Order in this docket with the Utah Public Service Commission. The Motion reflects the parties’ agreement to conduct program audits on an as-requested basis. The Utah Association of Energy Users, a party to the Settlement Stipulation filed in 2019, has authorized the settling Parties to represent that it does not oppose this Stipulation.

If you have any questions, or would like additional information, please contact me.

Sincerely,

/s/ Michael A. Orton

## GreenTherm® Annual Report - for the year ended December 31, 2025

On July 30, 2019, the Utah Public Service Commission (Commission) approved Enbridge Gas Utah's (EGU or the Company) GreenTherm® program (Order Approving Settlement Stipulation, July 30, 2019, Docket No. 19-057-T04). As part of the Settlement Stipulation approved in that Docket, the Company agreed to provide the Commission with an annual report detailing GreenTherm® 1) program participation and expenditures, 2) RNG blocks sold to customers, and 3) program account balance and reconciliation.

### 1. Program Participation and Expenditures

In 2025, the GreenTherm® program offered Utah, Idaho, and Wyoming customers the ability to purchase Renewable Natural Gas (RNG) green attributes from the production of RNG. Total block sales totaled 68,977 blocks. This resulted in RNG production support of over 34,489 dekatherms, as represented in the Program Participation summary.

## 4. GreenTherm® Marketing

The Company engaged with customers at trade shows, community events, and other public events in 2025. In March 2026, the Company provided participating GreenTherm® customers with their Annual Participation Report for the period ending December 31, 2025. The report identifies RNG dekatherms supported, pounds of emissions prevented, and the total GreenTherm® program contributions, blocks sold, and marketing expense. The Annual Participation Report also includes a link to this report at [enbridgegas.com/utwyid/sustainability/greentherm](https://enbridgegas.com/utwyid/sustainability/greentherm), which will be posted on the Company's website upon filing with the Commission.
