**Enbridge Gas Receives Ontario Energy Board Approval for Rate Changes Effective Oct. 1, 2023**

Enbridge Gas recently received approval from the Ontario Energy Board (OEB) for rate changes effective Oct. 1, 2023 ([EB-2023-0211](#)). These changes were proposed to the OEB earlier this month as part of the Quarterly Rate Adjustment Mechanism (QRAM) and approved as filed.

QRAM is the mechanism Enbridge Gas uses to review and adjust our rates for changes in natural gas prices. This is done every three months to reflect ongoing changes in the market price of natural gas and to adjust for the difference between the forecasted price of natural gas and actual price from prior periods.

## Interruption Notification System Testing

In October, Enbridge Gas will be completing a test of its notification system to interruptible customers. **During this test, customers with interruptible service will be contacted and are asked to acknowledge the notification upon receipt of the test.**

Enbridge Gas notes that in the event of an actual force majeure or interruption notice, customers are required to immediately cease consumption of natural gas upon receipt of the notification.

### **Keep contact information up to date**

It's important that Enbridge Gas has up-to-date contact information in case of curtailment to contract distribution service. In the event of a contract service interruption or force majeure, Enbridge Gas will contact customers using the information we have on file.
