Re: Transition to STAR Standardized M16 Transportation Contract in respect of M16 Transportation Contract (Contract No. M16004) between Enbridge Gas Inc. (“Enbridge”) and Market Hub Partners Canada L.P. (“Shipper”) dated August 9, 2007 (the “Existing Contract”).

Dear Jeff:

As you know, the Ontario Energy Board’s Storage and Transportation Access Rule (EB-2008-0052) (“**STAR**”) was created, in part, to provide greater transparency and standardization of service. The proceeding resulted in a rule that stipulates that customers electing to renew transportation service at the end of their initial contract term, or any subsequent renewal term, will transition to Enbridge’s new standardized form of contract. Enbridge’s current standard contract can be found on Enbridge’s website at <https://www.enbridgegas.com/storage-transportation/doing-business-with-us/standard-contracts>.

As you have elected not to cancel your transportation capacity pursuant to the Existing Contract, your transportation capacity under the Existing Contract has been renewed and the Existing Contract will be transitioned to the new standard form of contract pursuant to STAR. In order to facilitate the transition, Shipper is required to execute this new standard form of contract (the “**Replacement Contract**”), which will replace the Existing Contract. Shipper, like many of Enbridge’s shippers, has become accustomed to the contract reference numbers in use today. For the convenience of our shippers, Enbridge will continue to associate the Existing Contract reference number with the Replacement Contract.

Enclosed for signature is the Replacement Contract. This Replacement Contract dated May 31, 2023, supersedes and replaces the Existing Contract, effective as of June 1, 2023.

Pursuant to the provisions of Schedule “A 2013”, Article XXI, Section 3 of the Replacement Contract, which provide that Enbridge will give notice to Shipper when the conditions precedent have been met, Enbridge hereby provides notice to Shipper that the conditions precedent of Schedule “A 2013”, Article XXI, Section 1 of the Replacement Contract have been fulfilled.

By signing below, Shipper warrants and represents that Shipper has satisfied or waived the conditions precedent of Schedule “A 2013”, Article XXI, Section 2 a., b. and c. of the Replacement Contract and acknowledges receipt and agreement to this letter.

Upon execution of the attached Replacement Contract and this document, your Existing Contract will be terminated as of May 31, 2023.

If you have any questions or concerns, please do not hesitate to contact me.

Yours very truly,

ARTICLE II - SERVICES
